

ALL POINTS SECURITY

All Points Security is offering its simple growing Referral Network Service. You can join now and begin receiving referral rewards with no start up fees!

As a Referral Sales Representative we will provide you with a package containing our brochures as well as a direct contact number to our associates. Each brochure will have our name, email address and toll free number listed. Customers who call us will be asked "how did you hear about us?" When they mention the brochure and your name that we have on file and make a purchase, you will be qualified for our Referral Reward.

It will be your responsibility to display and distribute our brochures in a location where customers will have access to them. Any questions about our services and products should be directed to our trained All Points Security associates via email or telephone. Our associates will then be responsible for answering questions and making the sale.

The referral reward to our Referral Sales Representative will be 7% of all services and/or products , excluding taxes, shipping cost and installation fees. Payment will be made by company draft within 30 days after services and/or products are delivered and payment has been received.

If you agree to the above terms and would like to be part of our Referral Sales Representative team, please fill out the information below and fax or email this form to us at (FAX 619-336-9854 or Email hwebb@allpointsecurity.net) and our marketing kit will be mailed to you. Thank you for representing All Points Security!
